
Igo 8 For Windows Mobile 6.5 Download

Hi, does anyone know if Nav N Go iGO 8 is supposed to work on this new Windows Mobile 7 platform as is, or if there will be a new version like Nav N Go iGO my way". Thank you at Advance Unfortunately, we don't know what Microsoft is going to do with Windows Mobile 7. We've seen how the new OS works and how it works with existing Symbian and Palm OSes. Unfortunately, it's not clear yet (or at least we haven't heard about it). If we had this information, we could provide some preliminary information with the help of our team. As soon as we know more, we will update this article. Perhaps someone can add more information or even make an update
